Websites for Families

Dear Parent,

There are many opportunities for your child to use technology at home to practice the skills we have been working on at school. The following websites are vested through our professional staff, are relevant to our curriculum, and safe for student use.

These sites also have mobile apps for phones or tablets. Many of these sites have a charge associated with them, however, the district has access and permission to share them with our families.

Technology disclaimer: If you choose to allow your child to use technology, <u>please</u> monitor your child's use and limit the amount of time on these websites.

-**Dreambox : https://play.dreambox.com/login/9zem/liene** *This site allows students to practice math problem solving and computation skills.*

>   -**School code: 9zem/liene**
>
>   -**Classroom Code – on the left of the screen it says "No classroom code?" Click here. Click on that**
>
>   -**Students select their teachers name**
>
>   -**Then type in their user name and password**
>
> **Once your student has logged in, you can set up "parent access" by following the on screen directions.

Reflex Math: www.reflexmath.com *This site allows students to practice math facts.*

>   -**click on "log in"**
>
>   - **user name:**
>
>   - **click on your student's name**
>
>   -**password:**

-**RAZ kids** https://www.kidsa-z.com/main/Login *This site is for kids to listen to books or read independently at their reading level. They can also take quizzes to check their comprehension of the stories.*

>   - **teacher username:**
>
>   - **click on your student's name:**
>
>   - **password:**

-**Spelling City** www.spellingcity.com *Students can practice their weekly spelling list on this site in a variety of ways. Lists are labeled by their "Words Their Way" list for the week. Check the newsletter or Seesaw each week to find the list your student is on each week.*

        -**click "search" and then "teachers/parents"**

        -**search ** teacher name** and then click on her name**

        -**scroll down to find your student's list for the week**

        -**students can select activities to practice their words**

-**Seesaw** http://web.seesaw.me *Students can share what they are working on at school with their families and can receive feedback. Each family can have up to 10 people connected to their Seesaw account so students can share with non-custodial parents, grandparents and friends too, if desired.*

-**Pebble Go** https://www.pebblego.com/login *Students can use this site to learn more about social studies and science topics. A variety of non-fiction topics are covered and can be read aloud for them if desired. This site would be a great way for students to listen to reading at home and/or research a topic of interest to them.*

        -**User name: amery**

        -**Password: school**

-**Epic!** **www.getepic.com/students** Epic! is the Leading Digital Library for Kids 12 & Under

        -**class code:**
