

Making a Deposit to your Student's Meal Account

PowerLunch, our new meal accounting software, is designed to have a meal account for each student, rather than the family account we've worked with in the past. This means that each student's meal account stands alone. **Deposits will need to be made to each account, so if you're sending cash or a check to the school, please designate how much money is to be put in each student account.** If no designation is made, we will divide the payment between the students in your family to the best of our ability. With the new separate student accounts, we won't have access to the names of the people included in your household, so we may miss a student when posting your deposit.

Please include one of these slips with each of your payments. Thank you!

Date of Payment: _____ *Cash* _____ *Check #* _____ *Total Amount of Payment \$* _____

Parent/Guardian: _____

Please deposit the enclosed payment into the following student account(s):

Student: _____ *Grade:* _____ *Lunch ID:* _____ *Amount: \$* _____
