ON-LINE REGISTRATION

We are pleased to announce that you are able to *register* for summer school courses online in addition to using the paper forms, which are available by request from the ES, IS, and MS school offices.

The benefit to using the online registration system is that you can see what is available immediately, and you are more likely to get the classes and schedule that you want! Please note: paper forms are sent through inter-office mail and cannot be registered until after the school day. On-line registration is far quicker.

Go to the Amery School District webpage and click on the 'Summer School' button in the 'Quick Links' tab to register!

If you have any questions with this, please e-mail Mrs. Laura Sjogren at sjogrenl@amerysd.k12.wi.us.

Mission Statement: The purpose of the summer school program in Amery is to provide academic and enrichment opportunities for students during the summer months. The activities in this catalog are for ages 4K through eighth grade. Enrichment summer classes are designed for your child to explore many extended curriculum opportunities not available during the regular school year in a fun and casual environment.

Registration: Registrations will be done online. If you are unable to register online please come to the elementary, intermediate, or middle school office and fill out a registration form.

Deadline: In order to adequately prepare for enrollments, the registration deadline is Friday, April 5th at 9 pm. All classes are available on a first come, first serve basis.

Class Locations: In June and August, 4K through 3rd grade classes will meet at the Intermediate School, and 4th through 8th grade classes will meet at the Middle School. Class locations are subject to change due to construction; therefore, check the confirmation letter you will receive in late May to verify class locations.

Transportation: When you register your child, you need to sign him/her up for a specific pick-up and drop-off location if you desire transportation. Students must be picked up and dropped off at the same location. See pages 28-31 for the route pick-up and drop-off locations and times. If you sign your child up for bussing and your plans change on a given day, your child will need a note stating that you will be picking him/her up from school instead of riding the bus. Children being picked up at school by a parent or guardian need to be picked up in their classroom. Children **must** have a note if they are being picked up by someone other than a parent or guardian. Direct all transportation questions to Mr. Pease, Transportation Director, at 715-268-9771 ext. 231.

Meals: Breakfast and lunch will be available at no charge for summer school.

Course Fees: *This summer, the Amery School District will be providing for all course supplies, charging no fee to students. Please ensure that students attend all courses for which they register, as supplies are ordered in advance, and there may be a waiting list of students who want to attend.*

Mission Statement

The purpose of the summer school program in Amery is to provide academic and enrichment opportunities for students during the summer months. The activities in this catalog are for ages 4K through eighth grade. Enrichment summer classes are designed for your child to explore many extended curriculum opportunities not available during the regular school year in a fun and casual environment.

Placement of Students

All students enrolled in the School District of Amery are eligible to participate in summer school. Students with disabilities or other impairments are provided reasonable accommodation based on a documented health plan, individual education plan (IEP) or 504 plan. **However, not all services, programs, and supports offered during the regular school year are available at summer school. Parents, who know their children best, may register their children keeping their needs, strengths, and limitations in mind.** The goal of the Amery summer school program is to provide the highest quality education to every student. The proper placement of students is essential to this goal.

Behavior Expectations

The expectations for the behavior of students enrolled in the summer school program mirror those of the school district. We believe in “The Warrior Way.” The expectation is that our students will make the learning environment in summer school a healthy, safe, and caring environment for all students. Students are expected to take responsibility for themselves and for their actions. The core tenets of such behavior are:

Be Safe

Be Respectful

Be Responsible

Children are expected to demonstrate appropriate behavior at all times.

Students may lose privileges if they engage in inappropriate behavior. Behaviors include, but are not exclusive to, abusive language, disruption, defiance, fighting or other physical contact, stealing or damaging property, lying, or bullying will be removed from the summer school environment for the remainder of the day or even from the summer school program permanently.

If a student is removed from the summer school program, they are not allowed to finish the remainder of the day in the Amery Clubhouse program.

Students who engage in behavior which results in their removal from the summer school program for the day will be sent home with their parent or guardian.

Registration Tips

Registration Tips

- Welcome to 4K Preschool and Welcome to Kindergarten are 8-12 classes. No additional classes are needed during the June or August sessions.
- Choose 2 two-hour classes when attending from 8 am– 12 pm.
- Register for available classes with seats open first. Only join a wait list if your child does not have a registered class at that time. Wait list students are not added to classes if they already have a class on their schedule.
- Academic Reading and Math classes run for three weeks in June and two weeks in August. The material is not repeated. Wait lists are not available for August academics due to a shortage of teachers those weeks.
- Do not register for enrichment classes that are held at the same time as academics. The registration program will not register a child for two classes at the same time this year.
- Pay close attention to the grade level, based on the grade the student just completed, for each course offering. Registrations for incorrect grade levels will be cancelled.
- Please ensure that your child attends each class for which s/he is registered. Supplies are purchased and teaching contracts are offered based on registration. “Drop-outs” and “no-shows” are unnecessary costs to the school district.
- Out-of-district students who are not open-enrolled in Amery may register for enrichment and/or academic courses from April 1-5.

Welcome to 4K Preschool & Kindergarten

Welcome to 4K Preschool!

For children 4 to 5 years old!

Send your entering-4K student to their very own summer school academic program! We will explore all kinds of crafts, music, nature, and many other activities with this special age group. Five-year old children are welcome if they are enrolled in 4K, not regular Kindergarten, for the fall of 2024. It is best that children are toilet trained and able to deal with separation from primary caregivers. Children should bring some type of bag to take projects home. If your child is in the Early Childhood program, please contact your child's teacher for more details. Class meets at the Intermediate School for three weeks June 10–28 8 am to 12 pm. There is also one two-week section available later in the summer from August 5-16, also at the IS. The curriculum is different in each session.

Welcome to Kindergarten!

Welcome to Kindergarten is held at the Intermediate School for students entering kindergarten the fall of 2024. The purpose of this class is to help students transition from Preschool to Kindergarten.

- ⦿ Students tend to forget a lot during the summer.
- ⦿ Students get bored during the long break of summer.
- ⦿ Students will review and practice preschool skills.

To help prepare your child for success in kindergarten, we recommend that he/she attend summer school!

Session One of Welcome to Kindergarten runs June 10-28, Monday through Friday (8:00-12:00). **Session Two** runs from August 5-16 Monday through Friday (8:00-12:00). **Both sessions will take place at the Intermediate School.**

Our themes for the Summer Kindergarten class have included:

Week 1 – Favorite Stories

Week 2 – Favorite Songs

Week 3 – Farm Animals

Critical skills learned in 4K will be reviewed throughout the three-week class in June and the two-week class in August. The curriculum is different in each session. During summer school, children will make projects, sing songs, learn simple finger plays, enjoy recess, and have movement activities. The children will also have breakfast and lunch daily.

Complete the registration and return it to the elementary school office or register online by April 5th. To enroll your child in June Welcome to Kindergarten the course code is **SKJ**. August Summer Kindergarten's code is **SKA**.

1st-8th Pioneer School July 15-19 and K-1st Enrichment Aug. 5-9

18-71014 *Pioneer School*

Length: 8:00-2:30

Location: Meet at
Intermediate School
and bus to
Balsam Lake

Instructors:

Leadholm, JoNell
Leadholm, Erika
Gilbertson, Rose

What was it like when your great-grandparents went to school? Experience "Pioneer School" in an authentic one-room school. Students will be transported by bus to Balsam Lake to be immersed in a typical "turn-of-the-century" school experience. Participants joining in this learning adventure will play traditional games, sing songs, and learn in the style of children of that time.

One day we will walk to the Polk County Museum for a field trip. To get into the spirit of Pioneer School, students should plan to dress as children did in the early 1900's; for girls, long dresses and bonnets; for boys, bib-overalls, knickers, and suspenders, if available. Students will bring their own "pioneer-style" lunches each day. Parents will need to pick students up at the Intermediate School each day at 2:30 p.m. Three generations of teachers are excited to join you in this old-fashioned school experience—(one of our teachers actually started her teaching career in a one-room school!)

Students who have finished grades 1-8
