

## **VOLUNTEERS IN THE SCHOOLS**

The Board recognizes that citizens can make valuable contributions to the district's program or services. Therefore, the Board supports a volunteer program which encourages volunteer work in and out of the classroom.

The purposes of the district's volunteer program shall be as follows:

1. To enhance the quality of education and student achievement.
2. To supplement the work of classroom teachers upon their request, under their supervision and with the approval of the school administration.
3. To enable teachers to increase individualized instruction in the classroom.
4. To provide enrichment experiences to supplement the educational program.
5. To enhance teacher effectiveness by providing them more time for educational activities and experiences.
6. To meet special school needs.

The district's volunteer program shall be operated in accordance with legal requirements and administrative rules and regulations.
