

Maximum Velocity Track and Field Club

(registration is NOT through Community Ed.)

- Maximum Velocity is open to youth completing grades 1-8 in spring of 2025.
- There will be 2 practices a week during June: Mondays & Wednesdays from 5:30-7 pm
- First practice, Monday, June 9, 2025
- \$50 for the season to practice and be part of the club.
- There will be additional fees if your child competes in track meets outside of our hosted meet.
- Our mission is to provide coaching and instruction in track and field events and to provide opportunity for youth to compete to the best of their ability against themselves and peers.
- It is also our goal to teach high moral values and how to apply them in practice, in competition, and in life.
- It is our goal that each member of our club will have fun, grow in love and knowledge of the sport, and learn how to apply high ethics/values as a competitive athlete.
- The track club is open to all families, regardless of where they live or go to school.
- Maximum Velocity can be a competitive club, or can just be a summer camp for your child.
- There will be the option to compete against other teams and individuals. We will host a meet on June 25th, and Badger State Games in Wausau is June 21st as another option to compete.

Register at the first practice on June 9. DO NOT register through Community Ed.
