

Amery Middle School Football 2018

Hi Parents and players-

I hope everyone is enjoying their summer so far. Summer is going by fast and the middle school football season will be here before we know it.

The first practices will be August 22 & 23 from 5:30-7:00. The players will receive their football equipment the first night, but they will only use their helmets for the first 2 practices. So be sure to have athletic shorts, shirt and cleats for the first few practices. The players will be provided with a mouth guard. Some chose to buy their own mouth guards and that is just fine. Once school starts, practices will be after school until 5:00.

Before the first practice, all players will need to do the following:

- Register online through the Athletics page of the school website: http://www.amerysd.k12.wi.us/district/dist_athletics.cfm.
- Pay their fee in the athletic office in the high school; \$50 per middle school sport with a \$200 family max per year including high school siblings. Athletic fees may be waived for those who qualify for free and reduced lunches. Inquire in the athletic office.
- Submit a signed physical or alternate year form to the athletic office. A physical is good for 2 years. If they had a physical last year, they will only need to submit an alternate year form this year. The alternate year form can be found on the registration link above.
- Complete a concussion test. Most students completed the test in the spring. Any players who still need to complete the test can do so in the high school this summer. The office is open Monday-Thursday between 7:30 am – 3 pm or on Fridays until 11 am.

Lastly, I would like to use “Remind” for the majority of my communication throughout the season. So to get set up for that communication, please do the following:

-text @g4a3e6 to the number 81010

If you have any questions, let me know. Otherwise, have a great rest of the summer and we’ll see you at our first practice, August 22nd.

Thanks!
Levi Busse
