August 30, 2018

Dear Parent/Guardian:

Amery School District is pleased to announce that we will begin using the Raptor Visitor Management System in all of our schools to strengthen our program of campus safety for students and faculty. Part of keeping students and faculty safe is knowing who is in our buildings at all times. The Raptor system will better allow us to screen visitors in our schools and provide us with a safer environment for our students and staff.

As in the past, upon entering the Intermediate School, you will leave your keys in the office. However, you will now be asked to present an ID such as a driver's license. If you do not have a US government-issued ID, please bring another form of identification so we can manually enter you into the Raptor system. The Raptor System checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. No other data from the ID is gathered or recorded and the information is not shared with any outside agency. Once approved, you will be issued a badge with your name, date and purpose of your visit. Once your visit is over, you will return to the office to be signed out and pick up your keys.

The safety of our students is our highest priority and the Raptor visitor management system allows us to quickly identify those that may present a danger to our students. Thank you in advance for your understanding and support in enhancing the school safety protocols in our district.

Sincerely,

Ms. Schock  
Intermediate School Principal
