

## CURRICULUM DEVELOPMENT

The Board has a responsibility for maintaining a minimum program of instruction guaranteed by the state statutes and for initiating improvements beyond that minimum.

Professional staff, under the direction and supervision of the curriculum coordinator, shall be delegated the responsibility for developing curriculum changes and additions. Communication and coordination among grade level and subject area teachers should be emphasized on a kindergarten through grade 12 basis whenever curriculum is developed and evaluated. Curriculum committees may be formed on a standing or ad hoc basis.

All subject area offerings and any additions or deletions to the curriculum shall be reviewed and adopted by the Board before they are initiated or dropped from the existing program of instruction.
