

The WOLF DEN

5/9/24

Have a great weekend!

Specials:

Monday: Music/PE

Tuesday: Library/Music

Wednesday: Tech/PE

Thursday: Music/Guidance

Friday: PE/Keyboarding

Library checkout: Tuesday

Reading/Language: The students did our spring benchmark tests. They read "Sea Turtle Patrol" and looked at figurative language. They focused on comparisons, possessive pronouns and using "I and Me" in language class.

Math: We did our spring benchmark test for math this week. We also hit some of the key skills from the year for review: multiplying 2-digit by 2-digit, add/sub. Mixed numbers, long division, equivalent fractions).

Science: The students used the Makey Makey kits to test various items to see if they were conductors or insulators. They also were challenged to make a series circuit and a parallel circuit.

Social Studies: Students started learning about the Fur Trade. We talked about how this was the start of our economy and about how this event started to change the way the Native Americans lived their lives. We also talked about how land ownership changed from country to country.

Dates to Remember:

May 10—Interstate/Balsam

Lake Field Trip

May 22—End of Year Party

May 23—The Fort
