PURPOSE OF THIS MANUAL

This manual has been developed as a collective effort of Amery administrators, staff members and the Board of Education to provide guidelines for personnel. It should prove to be of assistance to each employee by clarifying the primary objectives and expectations for staff members and establishing ways and means of providing a quality educational and work environment. This handbook is meant to provide clarification only and does not supersede current Wisconsin statutes, Board policy or any existing Collective Bargaining Agreement. Each employee and each administrator should become familiar with this manual.

Staff input regarding the content of this manual is appreciated and updates will be made as needed as determined by the Board. The information in this handbook is subject to change. It is important that each of us remember that the specific purpose of all positions, all personnel, and the schools themselves is the educational opportunities provided for our young people. The District Office and the office of each building Principal or Supervisor, is always open for discussion with any employee. We will do our very best to assist you with any specific concerns you may have.

EDUCATIONAL PHILOSOPHY OF THE SCHOOL DISTRICT OF AMERY

The Board of Education believes the district must make a concerted effort to help each student develop the attitudes, confidence and skills which are necessary for him/her to reach his/her full potential and make a useful contribution to society. The Board believes the district must develop in each student the techniques and desire to learn, reason, solve and evaluate. In order to prepare a student for continuous learning, he/she must be directed and encouraged to study independently, think logically, solve problems creatively and communicate ideas meaningfully.

In addition, the Board believes the school is a reflection of the needs, values, strengths and aspirations of the community. Therefore, it is committed to assisting the community to grow educationally and culturally. Each individual, regardless of his/her race, sex, religious beliefs, economic status, talents, abilities, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, handicap or physical, mental, emotional or learning disability should have educational opportunities to attain the maximum education possible. *Ref: SDA § 110*

GENERAL POLICY STATEMENT

It is the policy of the School District of Amery to provide equal opportunity in employment to all qualified employees and applicants for employment. Positive action is required from all employees to help ensure that the School District of Amery complies with its obligations under state and federal law. This Handbook is not a contract of employment; the Handbook supersedes and replaces provisions previously found in collective bargaining agreements that have expired and/or found in personnel policies and procedures that require modification due to the Budget and Budget Repair Bill. The Handbook applies to non-represented employees as well as all School District of Amery employees previously covered under a collective bargaining agreement. This Handbook is subservient to, and does not supersede, the provisions set forth in District policies located on the District's website.

DISTRICT RESPONSIBILITIES

The Board of Education retains all rights of possession, care, control and management that it has by law, and retains the right to exercise these functions. The exercise of such powers, rights, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only to the precise extent such functions and rights are explicitly, clearly and unequivocally restricted by the express terms of this Handbook/individual contracts and then only to the extent such specific and express terms hereof are in conformance with the Constitution and laws of the State of Wisconsin and the United States. These rights include, but are not limited by enumeration to, the following rights:

- To direct all operations of the school system;
- To suspend, discharge and take other disciplinary action against employees;
- To take whatever action is necessary to comply with state or federal law, or to comply with state or federal court or agency decisions or orders;
- To select employees, establish quality standards and evaluate employee performance;
- To take whatever action is necessary to carry out the functions of the school system in situations of emergency;
- To determine the educational policies of the District; and
- To contract out for goods and services.

This section does not describe any rights of the employee(s). Accordingly, employee(s), may not base any charge of a *Handbook* violation under the District's grievance process as found in Board policies found on the District website or any other forum solely on this section.

GENERAL EMPLOYMENT INFORMATION

ACTIVITY PASSES TO ATHLETIC EVENTS

Current employee identification badges provide the employee and a guest complimentary access to all home (regular season) athletic events except for home hockey games. The employee must be present with his/her identification badge to receive this complimentary access.

ASBESTOS NOTIFICATION

As a result of federal legislation (Asbestos Hazard Emergency Response Act - AHERA), each primary and secondary school in the nation is required to complete a stringent inspection for asbestos and to develop a plan of management for all asbestos-containing building materials. The School District of Amery has a goal to be in full compliance with this. A complete Asbestos Notification, published annually in the Amery Free Press, is available in the District Office. *Ref: AHERA 1986*

BLOODBORNE PATHOGENS & ANNUAL TRAINING REQUIREMENTS

The Board recognizes that body fluids of any person may contain infectious or contagious bacteria or viruses, and that such bacterium or viruses may be spread from one person to another by accidental or careless handling of body fluids during sanitation or custodial work or the administration of emergency first aid. The School District of Amery has prepared proper procedures for handling body fluids during normal school day activities. Such procedures shall include methods for the handling and disposal of body fluids in school buildings and on school equipment and material. The district will make personal protective equipment available to employees for use in handling and disposing of body fluids. The District Administrator will also direct the identification of employees who could be reasonably anticipated as the result of their job

duties to face contact with blood or other potentially infectious materials. Any employees so identified will be offered Hepatitis B vaccinations at district cost. All staff members will be trained in the appropriate handling of potential contaminants. *Ref: OSHA 29 CFR 1910.1030.*

Some or all school staff are required to complete additional training periodically as required by state or federal law. Training will be provided by the district and is to be completed by school staff during in-service or onboarding time, or on their own time.

BOOSTER/PARENT GROUP PARTICIPATION

Employees are encouraged to participate as members and/or ex-officio officers of parent and booster organizations and should perceive their role as ambassadors of the District. District employees shall not be authorized to solely approve disbursements from organization funds. *Ref: SDA § 883*

BREACH OF CONTRACT

In the event the employee breaches his/her contract by termination of services during the term of the contract, the sum of 3% through July 31 and 5% beginning August 1 in dollars of the grand total salary is determined to be the reasonable liquidated damages which the parties reasonably anticipate will follow from such a breach. This expressed intent to liquidate the uncertain damages and harm to the School District to be expected from such a breach is not the exclusive remedy or right of the Board, but is rather, an alternative right and remedy and shall not, unless the Board elects to rely on the same, preclude the Board from seeking and recovering the actual amount of damages resulting from such a breach by the employee. In the event of a breach of contract, the employee's current year sick days will be prorated for the number of months worked. If the employee has used more sick days than they are entitled to per the proration, the employee's per diem rate of pay for each extra day used will be deducted from their pay.

BUILDING AND EQUIPMENT SECURITY/VANDALISM

Buildings and equipment constitute the greatest monetary investment of the district and it is important to adequately protect the district's investments. Damage to school buildings and equipment shall be reported to the employee's immediate Supervisor immediately after the acts have been discovered. *Ref: SDA §731*

POLITICAL ACTIVITIES

Definition of "Employer Resources": Employees may not use employer resources for political activities. Employer resources include office supplies, electronic equipment including e-mail, facsimile and photocopying machines, bulletin boards and other public spaces. (Use of bulletin boards or other posting areas requires prior authorization by the building Principal or Supervisor and is off-limits to public use.)

Definition of "Political" Activities: Partisan "political" activities must be conducted independent of your role as an employee. The following guidelines are not exhaustive but are intended to help in differentiating between those activities that may be viewed as harmful to workplace functioning and those activities that generally fall outside the "political" activities subject to employer restrictions and intervention.

Employees are expected to avoid the following political activities:

- Using working hours or employer resources to solicit money or signatures or to make political contributions;
- Using non-work hours to solicit contributions, signatures or services from other employees who are on work time;
- Using working hours or employer resources to solicit responses to political surveys;
- Posting political materials in areas open to the public (generally, individual work stations that are not available to the public are exempted from this restriction);
- Using the employer's mailing address as the return address for political solicitations;
- Providing employer mailing lists to any individual or organization for political solicitations if this information is not generally available to the public. (Note: the use and distribution of employer mailing lists to outside parties always requires prior authorization including an assessment of whether fees should be charged to cover production costs);
- Providing a forum for an individual candidate to promote his or her campaign without giving an equal opportunity to other candidates, for the same office, to participate in the forum;
- Political advocacy in the form of clothing items, armbands and buttons that cause a disruption in operations and/or violate the rights of others including the right to be free from discrimination, harassment, and intimidation in the workplace.

These guidelines are not intended to discourage discussion of controversial issues in the classroom, where such discussions are consistent with District curriculum guidelines and teaching methods. This policy is not intended to limit the off-duty activities of employees where District buildings and property are made available to community groups for meetings and gatherings. Nothing in this policy limits the rights of the District to sponsor non-partisan political forums or forums in support of District initiatives, such as building referendums. Nothing in this policy places restrictions on the District's freedom to invite speakers with political associations to forums that are not open to the general public. *Ref: SDA § 550.*
